What Sulphur Does
 For the Human Body in Health and Disease.
 The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us our daily dose of sulphur and molasses every spring and fall.
 It was the universal spring and fall "blood purifier," tonic and cure-all, and, mind you, this old-fashioned remedy was not without merit.
 The fact was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect.
 Nowadays we get all the beneficial effect of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a tablespoonful of the crude sulphur.
 I recent years research and experiment have proven that the best sulphur for medicinal use is that obtained from Calcium (Calcium Sulphide), and sold in drug stores under the name of Stuart's Calcium Water. They are small chocolate coated pellets, and contain the active medicinal principle of sulphur in a highly concentrated, effective form. Few people are aware of the value of his form of sulphur in restoring and maintaining bodily vigor and health; sulphur acts directly on the liver and excretory organs, and purifies and enriches the blood by the prompt elimination of waste material.
 Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudity and impurity of ordinary flowers of sulphur were often worse than the disease, and cannot compare with the modern concentrated preparations of sulphur, of which Stuart's Calcium Water is undoubtedly the best and most widely used.
 They are the natural antidote for liver and kidney troubles, and cure constipation and purify the blood in a way that often surprises patient and physician alike.
 Dr. R. M. Wilkins, while experimenting with sulphur remedies, soon found that the sulphur from Calcium was superior to any other form. He says: "For liver, kidney and blood troubles, especially when resulting from constipation or malaria, I have been surprised at the results obtained from Stuart's Calcium Water. In patients suffering from boils and pimples and even deep-seated carbuncles, I have repeatedly seen them dry up and disappear in four or five days, leaving the skin clear and smooth. Although Stuart's Calcium Water is a proprietary article, and sold by druggists, and for that reason tabooed by many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles, and especially in all forms of skin diseases as this remedy."
 At any rate, people who are tired of pills, cathartics and so-called blood "purifiers," will find in Stuart's Calcium Water a far safer, more palatable and effective preparation.

\$10.00 Coats, \$7.50
 These we purchased at a reduction, or we'd have to be doing as the rest are from \$10 up, for them. There were about 150 of them, but Saturday's selling dwindled the number down to almost half and these are apt to be gone after a day or so. Don't put off, come to-morrow if you wish to be sure of one.
 They are made of light tan covert cloth, hip length and close fitting back, collarless and lined throughout with brown satin.

 Masters Henderson and Terry Youngest "Railroad Men" on Record.
 HONORS ARE ABOUT EVEN
 Each Has Some Points of Advantage Over the Other.
 Some time ago this paper published a statement in connection with the presence in the city of Master Charlie Henderson, of Greenwood, Va., that young Henderson was the youngest railroad man in the service in this State. A few days later a Farmville friend took issue with the paper on its statement, asserting that Thad. M. Terry, of Tobaccoville, was entitled to this distinction. It was stated that young Terry would not be thirteen years old until Christmas Day.

CHAS. CRAYEN HENDERSON.
 Terry, as I understand, is on the Farmville and Powhatan Railroad, which is very small, compared with the Chesapeake and Ohio, one of the greatest railroad systems in the land. My father has been in service with the Chesapeake and Ohio for over thirty years, and has been agent and operator at Greenwood for twenty years.
 "Thanking you very much, I remain, Yours very truly,
 "CHARLES CRAYEN HENDERSON."
 Master Terry's Story.
 Master T. M. Terry, of Tobaccoville, writes as follows: "I learned the telegraph at home with a learner's instrument during my spare time from studies when going to school, and my father being agent and operator at Tobaccoville, I could not but learn the telegraph. I would drop in the office and catch what I could from the main line, until last winter, when father was sick, I worked a few days for him then.
 "The Farmville and Powhatan Railroad Company, wishing to open an office at Hallsville (next station), suggested VIA N. & W. AND O. D. S. Co. Account above occasion, the Norfolk and Western Railway, in connection with the Old Dominion Steamship Company, will sell round trip tickets from Richmond, via Norfolk, at \$12, which include meals and stateroom berth on steamer. Tickets will be sold November 12th, good for ten days, "Ocean Shore Limited," leaving Richmond at 3 P. M., making close connection at Norfolk with steamer. No change of cars between Richmond and Norfolk. For tickets and stateroom accommodations, apply at Old Dominion office or at company's office, 533 East Main Street.
